Dear Patient and/or Parents/Guardian of Patient:

Our office enforces the law with regards to the treatment of minors (all children under the age of 18).

If you wish to send a minor to our office with someone aside from a parent or legal guardian, please be advised that we will require the following:

Parents/Legal Guardians need to provide an official power of attorney letter, which is signed by both of the minor's parents/guardians, and notarized. This power of attorney letter must contain the name of the person that will be accompanying the minor as well as an authorization to allow that person the right to consent to treatment of the minor.

Parents/Guardians will also need to designate that person who will be responsible for their child's care on the Designation of Relatives/Friends form for our office.

We apologize for any inconvenience that this causes, but we are legally required to comply with the law.

Thank you for your cooperation.
